Legal entity identifier: **969500 UYPDSKNYE34F61**

## Environmental and/or social characteristics

**Did this financial product have a sustainable investment objective?** *[tick and fill in as relevant, the percentage figure represents sustainable investments]*

**Yes**

It made **sustainable investments with an environmental objective**: \_\_\_\_%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It made **sustainable investments with a social objective**: \_\_\_\_%

**No**

It **promoted Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of \_\_\_\_% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promoted E/S characteristics, but **did not make any sustainable investments**

**Sustainable investment** means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

### To what extent were the environmental and/or social characteristics promoted by this financial product met?

Le fonds Inspiration est un support d'investissement qui comprend des OPC cibles labellisés ISR ou Greenfin à hauteur de 90% minimum. Ce seuil a été respecté tout au long de l'année 2022.

**How did the sustainability indicators perform?**

N/A

**Sustainability indicators** measure how the environmental or social characteristics promoted by the financial product are attained.

- **...and compared to previous periods?**

N/A

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

*Les objectifs sont ceux édictés par les critères d'obtention des labels ISR et Greenfin.*

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

- *How were the indicators for adverse impacts on sustainability factors taken into account?*

Pour constituer son portefeuille, le fonds INSPIRATION s'est appuyé sur la labellisation des OPC cibles et n'a pas procédé lui-même à une évaluation des préjudices.

- *Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details: N/A*

*The EU Taxonomy sets out a "do not significant harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.*

The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

*Any other sustainable investments must also not significantly harm any environmental or social objectives.*

**Principal adverse impacts** are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

### How did this financial product consider principal adverse impacts on sustainability factors?

Ce produit n'a pas pris en compte les principales incidences négatives sur les facteurs de durabilité.

### What were the top investments of this financial product?

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is:

Largest investments	Sector	% Assets	Country
Portefeuilles d'OPC <i>ISR ou Greenfin</i>	Tous secteurs	>90%	Tous pays

**Asset allocation** describes the share of investments in specific assets.

### What was the proportion of sustainability-related investments?

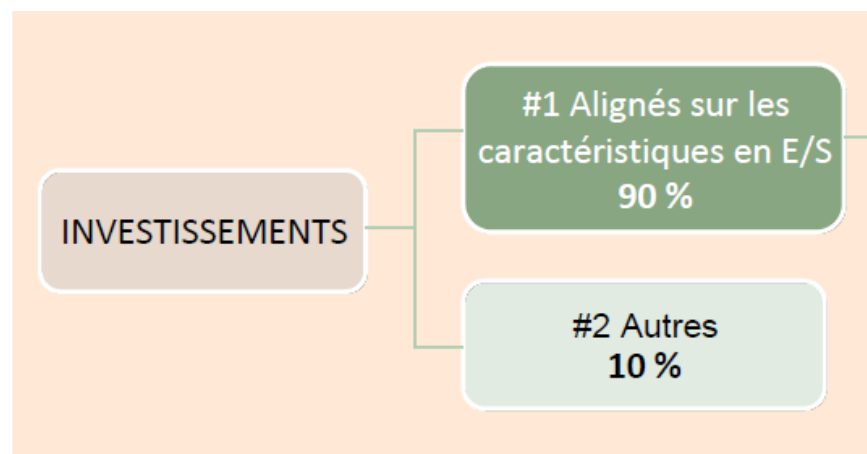

#### ● What was the asset allocation?

Le portefeuille est uniquement composé d'OPC. Pas d'investissement en titres vifs. Le % des actifs alignés avec les caractéristiques ESG est d'au moins 90%

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective.

**Transitional activities** are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

- #1** La catégorie **#1 Alignés sur les caractéristiques E/S** inclut les investissements du produit financier utilisés pour atteindre les caractéristiques environnementales ou sociales promues par le produit financier.
- #2** La catégorie **#2 Autres** inclut les investissements restants du produit financier qui ne sont ni alignés sur les caractéristiques environnementales ou sociales ni considérés comme des investissements durables.

- **In which economic sectors were the investments made?**

N/A

**To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?**

- **Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy<sup>1</sup>?**

☐ Yes:

☐ In fossil gas ☐ In nuclear energy

☒ No

<sup>1</sup> Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change ("climate change mitigation") and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies.
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

\* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

What was the share of investments made in transitional and enabling activities?

N/A

How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?

N/A

What was the share of sustainable investments with an environmental objective that do not take into account the criteria for environmentally sustainable economic activities under Regulation (EU) 2020/852.
